Save reports in a variety of file formats such as Word, Excel, Lotus, ODBC, ASCII, Rich Text Format, Crystal Reports, HTML, and more.

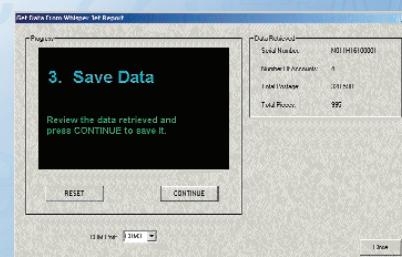

Global Lite is an easy-to-use, efficient and affordable account management software for consolidating mail processing information. Valuable accounting data can be retrieved from one, two, or three sources, and stored on your PC. Then, useful reports can be generated in almost any file format — right from your desktop!

HASLER

Global Lite — New, fast, easy to use

Sophisticated, comprehensive, and easy-to-use data transfer software — with a low price that's hard to believe.

Processing and accounting reports are run, compiled, and printed directly from your PC. Global Lite is the fastest and most economical way to integrate mailing machine data with your back-office functions and accounting procedures — exactly where it's needed in your organization.

New, easy-to-use graphical interface.
