

**MORE EFFICIENT THAN
FOLDING, INSERTING, AND
SEALING BY HAND!**

Are you wasting valuable time folding, stuffing, and sealing envelopes by hand? We know you have many more important things that demand your time and attention. Why not improve office productivity and efficiency with Hasler's low cost, fully automated M1000 Folder/Inserter? It's an inexpensive, state-of-the-art solution to an age-old, time consuming problem. The M1000 offers the fastest processing speed and highest monthly output in its class. It's easy to set up and even easier to use. Compact and quiet, this desktop folder/inserter is a valuable addition to any office. You'll be amazed how much time and money

you can save when you put the M1000 to work for you.

**DESKTOP
FOLDER/INSERTER**

M1000

Inexpensive Desktop Solution

- **Automatic fold setup** – just select document size and the M1000 will automatically set the proper fold
- **Fastest in class** – up to 1,350 filled envelopes per hour
- **Versatile and flexible** – accommodates a variety of jobs and paper sizes
- **Programmable** – up to nine jobs stored in memory for quick and easy recall
- **Compact and quiet** – you won't even know it's there
- **Automatic cascade feature** – reload dual sheet feeders while machine is running

Save time and money –

let the M1000 do the work for you.

HASLER

M1000

DESKTOP FOLDER/INSERTER

User-friendly setup and interfacing

An LCD screen with full text commands and clear function keys provides intuitive guidance. And, the M1000 interfaces to Hasler's WJ60 and WJ90 mailing machines for continuous ready to mail processing.

Insert up to three different documents

Two large sheet feeders and one BRE insert feeder perform the most common office applications at the touch of a button.

Flexible paper handling

Stuffs standard No. 10 envelopes with document sizes from 3 1/2" x 5 1/2" up to 8 1/2" x 14" in a variety of folds.

Spend less time loading and reloading

Large capacity feeders hold up to 100 sheets, BRE inserts and envelopes.

Automatic address adjustment

Enables the operator to automatically adjust the address position in the envelope window ensuring that the address is clearly visible every time.

Double Document Detection (DDD) system

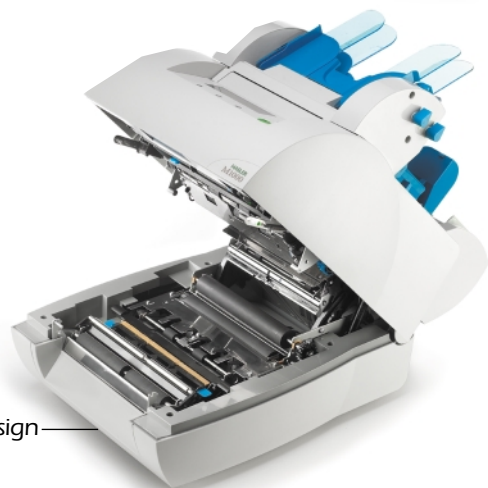

Unique thickness detection at each feed station ensures the exact number of sheets is fed from each feeder.

The M1000 Folder/Inserter enables you to process office mailings faster and more efficiently so you can focus your time and energy on more important things!

M1000 interfaced with WJ90

Modular clamshell design allows for easy access
